Density(Dots/m ²)	10000	15625	22477	40000	62500
Scan	1/2	1/4	1/6	1/7	1/9
Cabinet Resolution	96x96	120x120	144x144	192X192	240X240
Module Resolution	32x32	40x40	48x48	60X60	80X80
Waterproof Grade	Front IP67 Rear IP65				
Brightness	5500-7000 Nits				
Cabinet Weight	32 kg/pcs				
Module Size	320x320mm				
	10.5x10.5 ft				
Cabinet Size	960x960x108mm				
	31.5X31.5X3.54ft				
Material	Aluminum profile				
View Angle	160 Degree(Horizontal) 140 Degree(Vertical)				
Refresh Rate	1920-3840HZ				
Digital Processing	14/16 Bits				
Gray Scale	16384/65536 Level				
Colors	687 Million				
Color Temperature	4500-8500K Adjuststable				
Brightness Control	255N/A				
Contrast Ratio	5000:1				
Control Mode	Synchronous/asynchronous				
Life Time	100,000 Hours				

Prevision FD-960H

FD-960:P10/P8/P6.67/P5/P4

Outdoor LED display with front and back maintenance and flexible assembly.

Prevision FD Series Outdoor LED Display is the latest product from Prevision, featuring a unique design and advanced features. With its removable back cover, this display offers improved visual effects, delivering clean images and videos with uniform color.

Front maintenance control systems

Front maintenance of the cabinet power supply and receiving card allows for easy access and servicing without the need to disassemble the entire LED display. This efficient design simplifies maintenance tasks, reduces downtime, and ensures optimal performance of the LED screen.

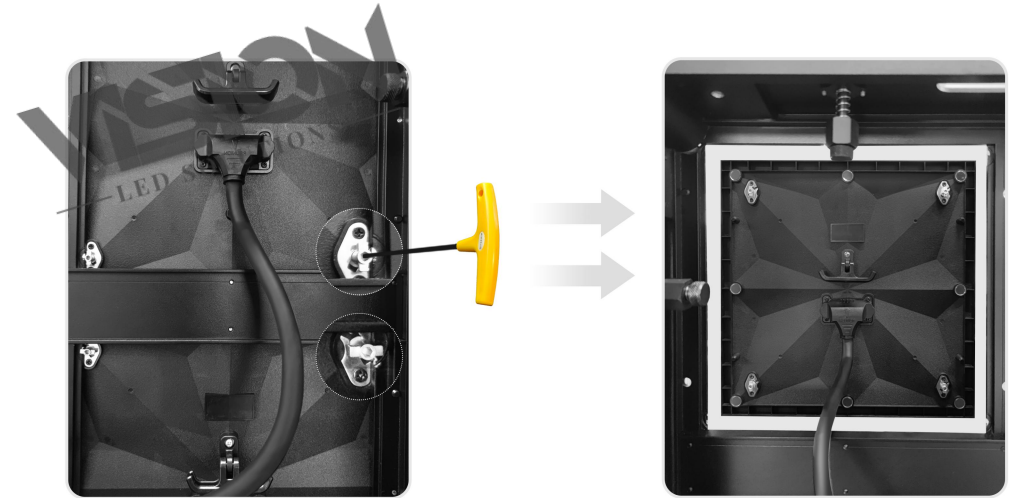

Weather-resistant:

The outdoor energy-saving LED display screen is built to withstand harsh weather conditions, such as rain, snow, wind, and extreme temperatures. This ensures that the display remains operational and visible even in adverse weather conditions.

Easy maintenance:

Modular Design: The display screen should have a modular design, allowing for easy maintenance and repair, and enabling the addition or replacement of modules as needed.

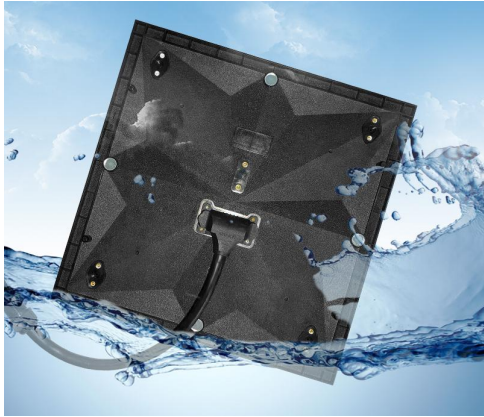

Rear maintenance Module

Front maintenance Module

High quality LED module

Our high-quality waterproof LED module is designed to withstand various weather conditions, making it ideal for outdoor applications

Customizable size

Our outdoor waterproof cabinets are fully customizable, allowing you to tailor the cabinet size to your specific requirements

H1280XW960mm

H960XW960mm

Super light

Our cabinets are designed with lightweight materials, allowing for easy handling and installation

Only Weight :32kg

Other cabinet weight:45kg

Efficient Heat

Experience reliable performance in extreme temperatures with our cabinets, engineered with efficient heat dissipation capabilities for consistent operation from -40°C to 80°C."
